

Additional Intake in March!

Master Program in Management (M.Sc.) – Improved curriculum and schedule*

* Starting in March 2012

To keep our master programs at the forefront of business education, we adjust and develop the curriculum continuously. Feedback from students and alumni, recommendations from professors, advice from corporate partners and new academic trends are discussed, evaluated and taken into consideration to further develop and optimize the program. The improved Master Program in Management (M.Sc.) is innovative and perfectly structured to meet your individual needs.

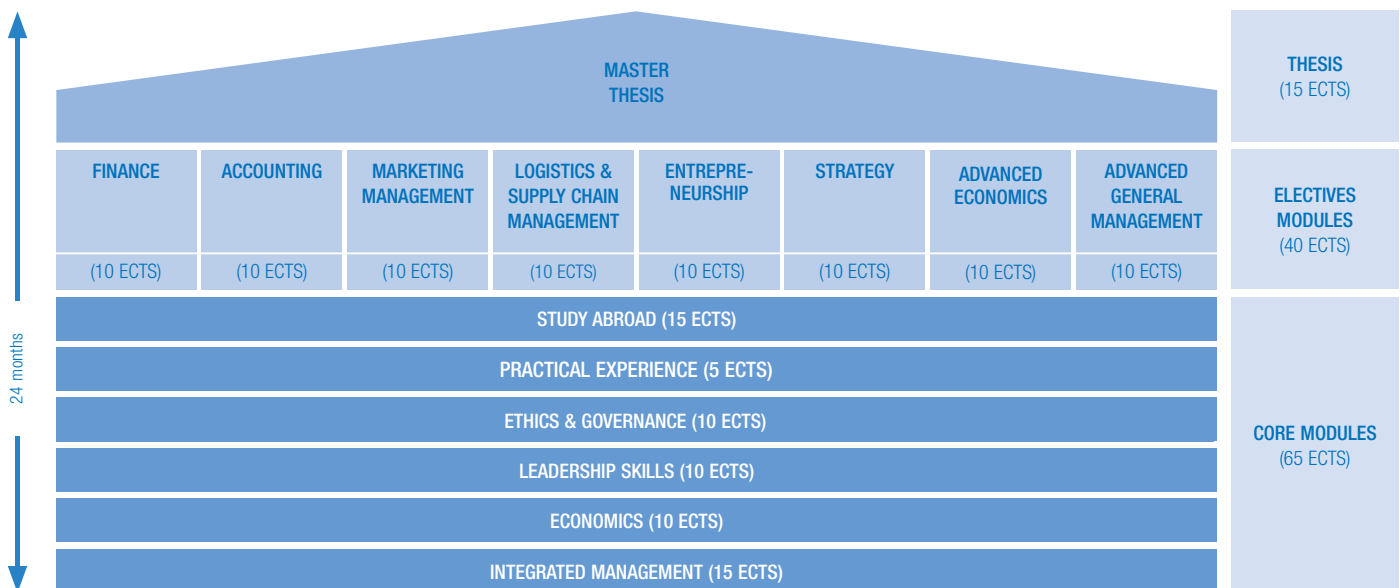

Intake 2012

Application Deadlines

Intake March: January 15
Intake September: June 20

Tuition: 25,000 Euro
(fully tax deductible)

Apply online!
<http://study.hhl.de>

The curriculum is structured into three major parts:

- **Core Modules** that familiarize students with advanced academic knowledge in the area of business management and economics combined with core fields to strengthen the soft skills of the participants. To emphasize the linking of theoretical knowledge with the practical environment, an internship and a field project are included. A semester abroad is an integral part of the program.
- **Elective Modules** that combine different functional perspectives and widen knowledge in an integrated way. This approach ensures that students gain expertise in their personal fields of interest and learn to select and combine a variety of research instruments and management tools. Students need to choose 4 out of 8 elective modules.
- **Master Thesis** as a cornerstone of the academic program and the final stage in the full-time M.Sc. Program. In the written paper students will investigate a subject with a conceptual, theoretical or empirical focus based on the input from the study modules.

To give our students more flexibility and to provide a more balanced student workload the standard period of study has been extended to 24 months. Also a mandatory internship is now included in the curriculum. This allows our students to gain experience in different companies or branches and therefore improve their career entry options. It is not uncommon, that students get a job offer after their internship.

TERM	SPRING	SUMMER	FALL	WINTER	SPRING	SUMMER	FALL	WINTER	SPRING	SUMMER
Intake March	YEAR 1				YEAR 2					
	Core Courses	Internship	Core Courses + Electives	Recess (Buffer for Study Abroad)	Study Abroad	Optional Internship II or Master Thesis*	Core Courses + Electives	Master Thesis*
