HHL Women in Business Scholarship (full-time MSc.)

Scholarship Introduction - Re-Thinking Leadership with HHL's Leipzig Leadership Model

With its **Women in Business Scholarship Program**, HHL seeks to support excellent female candidates of all academic and national backgrounds who present strong motivation and outstanding professional and academic credentials and who are willing to become active members of the HHL community.

The full-time MSc. program at HHL is already ahead of many schools in its support and class diversity, with a female ratio of over 30%. We want to encourage even more women to advance their careers with a Master's degree and to break the glass ceiling.

At HHL we believe in the power of supporting each other. HHL therefore started the **Women@HHL initiative**, with the mission to support the female HHL community by providing a platform for exchange and for connecting our female students, alumnae and other successful women in leadership positions.

Besides informal get-togethers with vibrant discussions, we offer a variety of events for our participants to gain valuable insights into topics related to leadership, career opportunities and how to broaden their skillset. This unique network builds the opportunity for close dialogues with business representatives and other inspiring women.

The 3 core pillars of Women@HHL are:

Network

Fostering the exchange between women within HHL and beyond

Empowerment

Enabling women to tap their full potential by establishing a vivid community defined by mutual respect, encouragement and inspiration

Personal Development

Offering opportunities to grow personally and professionally by providing workshops, coaching, and seminar

Diversity is a proven driver of innovation. Women@HHL is a progressive approach to support diversity in leadership. With its individual mentoring and coaching this HHL program supports the next generation of female leaders.
